Manufacturer Safety recall issued

- NHTSA #18V-021
- Recall #U03 PASSENGER AIRBAG INFLATOR
- Status: Remedy available

[Click here](#) for a copy of the owner letter for this Recall or call 1- 800-853-1403 if you have any questions or need additional information on this recall.

- [Learn more about this recall](#)

Description: The front passenger airbag inflator may contain propellant that degraded after prolonged exposure to high absolute humidity, high temperatures and high temperature cycling. Activation of an inflator with degraded propellant, in a vehicle crash where the PAB is designed to deploy, may result in an inflator rupture.

An inflator rupture may cause metal fragments to pass through the air bag and into the vehicle interior at high speed, which may result in injury or death to vehicle occupants.

Remedy: The PAB inflator must be replaced.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a

vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.
